Pays homage to the King of Glass

### **JEAN CLAUDE NOVARO**

The greatest glass sculptor of all times

(1943 – 2014)

Born in Antibes, France in 1943; Jean Claude Novaro is today recognized as one of the greatest glass blowers of our time.

His unique and distinctive art-glass creations are highly prized and sought after by art connoisseurs world-wide.

Jean-Claude Novaro's works are in museums, galleries and private collections. Novaro's hard-earned skills and artistic genius, combined with an unwavering drive and determination have made Jean-Claude one of the premier glass artists in the world. In his professional life, Novaro has achieved several records. He has also integrated layers of 24cts gold and photo luminescent pigment inside the glass. He has experienced uninterrupted success as a solo glass artist.

Novaro is in the Guinness Book of World Records for the largest hand blown coupe

With over **125** individual and collective shows of his work throughout the world, including France, Germany, Belgium, Japan, Switzerland, Italy, Holland, Saudi Arabia and the United States. Novaro invented new techniques, like his hand painting in between layers of glass. He is also a traditionalist in his insistence on working alone, letting every piece be a creation of his own hands.
